

# Carers Opportunities Fund

The MS Society recognises that carers of people with MS often face a number of barriers when considering returning to education or employment.

In an attempt to support carers who wish to pursue educational or learning opportunities, the **Carers Opportunities Fund** can offer financial help with course fees and the associated costs.

To support their application, the person named below requires someone to confirm their role as a carer and the benefit this course would bring them.

I confirm that \_\_\_\_\_  
is a carer and would benefit from undertaking a course in
