# If you're making or updating your Will, we can help make it easy for you

Writing or updating a Will is a chance for you to make sure that the values and relationships that are important to you in life are honoured after you die. Yet research suggests that, surprisingly, the majority of adults in the UK still don't have a valid Will.

We know that one reason so many people neglect to take care of something so important is because they suspect it may be complicated, expensive or time consuming. But it really doesn't have to be that way.

The MS Society has teamed up with two Will-writing services to help make writing or updating a Will as easy as possible for our supporters.

The Goodwill Partnership takes the hassle out of writing a Will, by arranging for an appointment for you to get a solicitor-written Will from the comfort of your own home. While our membership of the National Free Wills Network means you can make or update your Will free of charge.

Both of these services are trusted and reputable, and have helped thousands of people in the UK write or update their Wills. So you know you'll be in safe hands.

“I was very impressed with the professional service I received through the National Free Wills Network and I would happily recommend it to any MS Society supporter thinking of writing or updating their Will.”

Mr V. Davis, Essex

# Making it affordable

Our partners at the National Free Wills Network can help you write or update your Will for free

The MS Society is a member of the National Free Wills Network. This means that, as an MS Society supporter, you can enjoy access to a solicitor who can make or update your Will for free.

There is no obligation to include a gift to the MS Society if you decide to use this service, although we hope this is something you would be willing to consider.

If you decide to take advantage of this offer, the first step is to let us know that you would like to use the service. We will then pass your details on to the Network safely and securely, and they will send you an information pack that contains a list of solicitors in your local area and a Confidential Declaration Form.

When you receive your pack, all you have to do is to choose a solicitor from the list – which will most likely be the one nearest to you. When you visit the solicitor, they will then help you write or update your Will without you having to worry about the cost.

- **Make or amend your Will for free**
  - with one of over 770 solicitors across the UK
- **Find a solicitor near you**
  - the Network on average has a solicitor within 5 miles of every charity supporter
- **No obligation to leave a gift to charity**
  - this service is available to you whether you leave a gift to the MS Society in your Will or not (though we would of course be very grateful if it's something you'd consider)

## Making an impact

The MS Society's work depends on the gifts we receive in Wills. Without these special gifts, we would not be able to offer nearly as much support, or fund anywhere near as much research into new MS treatments.

Last year, the gifts people left us in their Wills made up nearly a third of our total funding. This makes them our single most important source of income.

To arrange for the National Free Wills Network to help you write or update your Will, please call the MS Society's Legacies Team on 020 8827 0374 (Monday to Friday, 9am to 5pm) or email [legacies@mssociety.org.uk](mailto:legacies@mssociety.org.uk)

# Making it hassle-free

We've teamed up with The Goodwill Partnership, so a Will-writing expert can be available to come to your home

The Goodwill Partnership is the largest distributor of home-visit solicitor-provided Wills in England and Wales. The MS Society has teamed up with these experts to help make the process of writing or updating a Will as simple as possible for our supporters.

We understand leaving the house to visit a solicitor isn't an option for all of our supporters – especially those who are living with MS. But when you use The Goodwill Partnership to make your Will, there's no need to visit a solicitor's office. Instead, the Partnership will arrange for a trained local counsellor to come to your home at a time that suits you – daytime, evenings, or even weekends.

The counsellor who comes to you will listen carefully to what you want from your Will. They'll then pass on your instructions to a panel of specialist solicitors who can also provide legal advice and storage of your signed Will. In the unlikely event of any complication, a solicitor will call you directly.

The Goodwill Partnership guarantees the lowest price for a home-visit Will in England and Wales. They charge one low, fixed price – no matter how detailed your Will – and the counsellor visit is provided free of charge. They also provide a discount on a second Will for your spouse or partner.

- **You don't have to visit a solicitor** – as our trained counsellor comes to you
- **Arrange the time that suits you best** – daytime, evening or weekends
- **One low, fixed price for all** – with no hidden costs whatsoever

# We're the MS Society.

Over 100,000 of us in the UK have MS. It's unpredictable, and different for everyone. It's often painful, exhausting and can cause problems with how we walk, move, see, think and feel. But it doesn't have to be this way. We're driving research into more – and better – treatments. For everyone. Together, we are strong enough to stop MS.
